

Veterans Assistance

The Employment and Training Administration (ETA) Veterans Priority Resource page on workforce3one (<http://veterans.workforce3one.org/>)

A Local Veteran's Employment Representative (LVER) is located at each Michigan Works! Service Center, throughout the State of Michigan.

www.michworks.org

The Local Veterans Employment Representative (LVER) will provide directly or facilitate the provision of labor exchange services to Veterans and eligible persons, including intake, referral, and placement activities as directed by Federal and State Law, regulations and policy by ensuring that Veterans are provided the range of labor exchange services needed to meet their employment and training needs.

We refer Veterans and eligible persons to training, supportive services, and educational opportunities. Conduct outreach to employers in the area to assist Veterans in gaining employment. We encourage employers and labor unions to employ Veterans and eligible persons and to conduct on-the job training and apprenticeship programs for the Veterans and eligible persons in questioned. We work closely with appropriate Veterans' Administration (VA) personnel engaged in providing counseling or rehabilitation services and cooperate with employers in identifying Disabled Veterans who have completed or are participating in a vocational rehabilitation training program and who are in need of employment.

These are some of the additional services we also provide.

- a. Conduct and assist Veterans in writing a quality resume, and job search assistance.
- b. Provide job development and job referrals.
- c. Provide vocational guidance.
- d. Provide labor market information.
- e. Provide referrals to training and supportive services

Veterans Assistance Continued:

Wounded Warrior Project

www.woundedwarriorproject.org

Provides the following programs:

1. Grants to VA Hospitals to purchase life-enhancing and life-saving equipment
2. Provides money to organizations dedicated to providing affordable housing to veterans
3. Provides used adapted vans donated to or purchased directly by the organization. Additionally, they may assist in adapting a vehicle for a veteran who meets certain financial guidelines

Wounded Warrior Project starts at the beds of the severely injured as they undergo treatment and rehabilitation at the Dept. of Defense facilities and throughout their rehabilitation.

To be eligible the veteran must be an honorably discharged veteran of the United States military and have a severe physical disability which leaves him/her in a wheelchair. Also, the veteran's income must fall within the poverty guidelines established by the U.S. Dept. of Veterans Affairs for a single person or family.
