Dear DCC Member:

As you are aware, the Downriver Community Conference (DCC) is studying the possibility of regionalizing fire and emergency medical response systems for the nineteen communities located within the DCC. The objective of this regionalization is to continue to provide high quality services to the residents and businesses within the service area, while controlling operational and capital costs. In order to proceed with the study, the DCC needs to evaluate how this regionalization would be accomplished.

At the current time, a model is being developed to evaluate regionalization, and we are asking for your help by completing the attached data request. The objective of the data request is to obtain information about each community's revenue sources, expenditures, assets, proposed capital expenditures, and staff related liabilities (pensions, accrued vacation, etc). We ask that you complete the data request and return it to the address listed below by March 10, 2006.

Plante & Moran, PLLC
27400 Northwestern Highway
Southfield, MI 48034
Attention: David Asker

If you have questions regarding the data request, please contact either David Asker at 248.223.3413 (David.Asker@plantemoran.com) or Christine Andrysiak at 248.223.3330 (Christine.Andrysiak@plantemoran.com).

Thank you in advance for your cooperation with this effort.

Sincerely,

Plante & Moran, PLLC
