THE ANALYSIS OF BROWNFIELD CLEANUP ALTERNATIVES  
FOR ENVIRONMENTAL RESPONSE ACTIONS

AT

THE FORMER AMERICAN SUNROOF CORPORATION PROPERTY LOCATED AT  
18640 WALNUT, SOUTHGATE, MICHIGAN

The City of Southgate is accepting public comments on an Analysis of Brownfield Cleanup Alternatives (ABCA) prepared for the proposed environmental response activities at the above referenced site. The environmental response activities will consist of removal of asbestos-containing materials from the building and excavation and disposal of contaminated soil from the site. The cleanup is being funded by a subgrant from the Downriver Community Conference (DCC)'s United States Environmental Protection Agency (USEPA) Revolving Loan Fund Grant. The proposed redevelopment of the site after completion of cleanup activities is single family residential homes.

The Administrative Record, which contains the information upon which the final decision will be based, including copies of the ABCA, environmental reports on soil investigations, hazardous materials survey, and other related City of Southgate documents, will be available during regular business hours for review at:

Southgate City Hall  
Administrators Office

14400 Dix-Toledo Road  
Southgate, Michigan 48195

Comments on the ABCA or project may be submitted from March 18, 2015 to April 12, 2015 to:

Mr. Brandon Fournier, City Administrator at the address above or:
